**Subject:** Sonny -

This is were we stand right now:

1. A plaque with "Sonny" on it to go on the plot – being made by Sage
2. Keeping the plot for the whole garden in his memory – Flowers to be planted around the peach tree and vegetables (as that is what Sonny planted in his garden). Vegetables to be shared.
3. A scrapbook of Garden memories for his son Jonathan. Christy has some garden photos she took. If anyone wants they can send me what they want in it and I will print on colored paper. Or you can write someone on cards to go in the scrapbook.
4. A brass marker to go in front of the peach tree.
5. Once plaque and brass marker are completed - a remembrance ceremony in the garden.

Keep ideas flowing, our plans are moving along at a fast pace.
